MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: ARMY CONTRACTING AGENCY POLICY MEMORANDUM
P001: CONTRACTING OFFICER SELECTION,
APPOINTMENT AND TERMINATION POLICY

AUTHORITY: FAR 1.108(c), 1.602, 1.603, DFARS 201.603, and AFARS 5101.603 may be found at <http://web2.deskbook.osd.mil/default.asp>.

PURPOSE: Establish responsibilities, documentation requirements and procedures to process the selection, appointment or termination of Army Contracting Agency (ACA) Contracting Officers. In addition, contracting offices throughout the ACA will use standard language to be placed on each Contracting Officer Certificate of Appointment (See Enclosure 1).

SELECTION: The appointing official shall consider the complexity and dollar value of the acquisitions to be assigned and the candidate's experience, training, education, business acumen, judgment, character and reputation (FAR 1.603-2).

APPOINTMENT: Contracting Officers shall be appointed in writing and specify any limitations on the scope of authority to be exercised, other than limitations contained in applicable law or regulation (FAR 1.603-3).

REVIEW: All appointments shall be reviewed at least once every five years by the appointing authority to determine whether each contracting officer has maintained professional proficiency and otherwise remains qualified. Warrant authority shall be terminated or reduced in scope, when appropriate.

RECORDS: Chiefs of Contracting Offices shall maintain a list of contracting officers which include both their execution and award approval authority. The list shall be furnished to the PARC initially and when changes occur. Chiefs should also make this information available to the members of their offices or other entities with a need to know.

TERMINATION: The termination of a Contracting Officer appointment will be by letter. Terminations may be for reasons such as reassignment,

termination of employment, or unsatisfactory performance. No termination shall operate retroactively (FAR 1.603-4).

DISCLOSURE: Voluntary. Failure to provide the information requested below in Part I may result in failure to be selected and appointed as a Contracting Officer.

PART I – REQUEST FOR SELECTION AND APPOINTMENT OF CONTRACTING OFFICER

a. Requests for selection of a Contracting Officer will include the following information (See Enclosure 2 for sample request):

(1) Name (as it will appear on the Contracting Officer Warrant), Duty Assignment, Position, Grade/Rank, Series and Certification Level.

(2) Brief description of proposed type of contractual actions (i.e., contracts, grants, cooperative agreements, other transactions, Economy Act Orders, etc.).

(3) Limitations on contracting authority (i.e., dollar threshold, limited warrant, unlimited warrant). Use FAR 1.108(c) for guidance on dollar threshold:

(4) Unless otherwise specified, a specific dollar threshold for the purpose of applicability is the final anticipated dollar value of the action, including the dollar value of all options. If the action establishes a maximum quantity of supplies or services to be acquired or establishes a ceiling price or establishes the final price to be based on future events, the final anticipated dollar value must be the highest final priced alternative to the Government, including the dollar value of all options.

b. Enclose a copy of an updated and signed Acquisition Career Record Brief (ACRB). Military requests shall include a copy of Officer Record Brief (ORB) and for enlisted personnel a copy of their DA Form 2 and 2A.

c. Provide previous Contracting Officer experience and limitations imposed.

d. The request for Contracting Officer selection and appointment memorandum shall be processed by the Director of Contracting along with the Certificate of Appointment and a signed DD Form 577 (Signature Card) and forwarded to the Principal Assistant Responsible for Contracting (PARC) for authorization. (See Enclosure 3 for sample memorandum.)

e. The electronic warrant file will include the following scanned documents: memorandum signed by the requester, memorandum signed by the PARC, signature card, Certificate of Appointment, ACRB/ORB/DA Form 2/2A and other supporting documentation. g. The newly appointed Contracting Officer information or adjustments, shall be keyed into the Standard Procurement System (SPS)/Procurement Desktop (PD2) by the SPS/PD2 systems administrator located in each office.

h. Each appointing authority shall promptly distribute copies of instruments of appointment as follows:

(1) Original to the individual appointed;

(2) One copy to the activity having custody of the military personnel record for permanent retention in the personnel file of each military contracting officer; and

(3) One copy to the servicing Civilian Personnel Office having custody of the civilian personnel records for input into the appropriate personnel data system of the type, date, and amount of the instrument.

PART II – REQUEST FOR TERMINATION OF CONTRACTING OFFICER WARRANT:

a. Requests for termination of a Contracting Officer's Warrant will include the action desired, the reason and the rationale that justifies the termination.

b. The termination request will be processed by the Director of Contracting and forwarded to the PARC for authorization and updating of the electronic warrant file. (See Enclosure 4 for sample memorandum.)

PART III – CONTINGENCY CONTRACTING OFFICERS

Army contracting personnel deploying to support operational or contingency missions fall under the operational control of the cognizant

theater PARC. Those PARCs determine the authorities to be delegated and issue warrants based on their mission assessment and analysis of the experience, maturity and capabilities of each individual Contracting Officer. This policy allows our war fighting PARCs to deviate from standard warrant language as needed based on this analysis and their mission requirements.
